COMMUNICATION

Commissioner for Patents
Box PCT
Washington, D.C. 20231

Sir:

This paper is in response to the Notification of Defective Response that was mailed December 3, 2002. A copy of the Notification of Defective Response, including a Raw Sequence Listing Error Report, is enclosed.

The Notification states that an executed Oath or Declaration and a Biological Sequence Listing must be submitted to complete the Missing Requirements under 35 U.S.C. § 371. We believed that a complete copy of a Declaration from each of the co-inventors was timely filed on September 10, 2002. A copy of that earlier-filed executed Declaration is enclosed herewith. However, we note that our file copy of the executed Declaration that was filed is missing the signature page from co-inventor, Josep Antonio Rossello Picornell. In case the copy of the executed Declaration that was filed with the US PTO was likewise missing the same page, we further

submit another executed Declaration from co-inventor Josep Antonio Rossello Picornell.

The Notification further states that a new Sequence Listing is required that overcomes the errors noted on the CRF Report. The computer readable version of the Sequence Listing was modified to address the errors noted in the CRF Report. A new substitute paper copy of the Biological Sequence listing was generated from that new computer readable copy. The response to the Sequence Listing portion of the Notification was mailed to the US PTO Box SEQUENCE on this same date. A copy of the documents sent to that box are enclosed herewith.

It is now believed that the response to the Notification of Defective Response is complete, and that no fee is necessary. However, should any fee be deemed necessary, the enclosed Fee Transmittal authorizes charges and/or overpayments to our Deposit account, and is enclosed in duplicate.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false

statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

By 
Shannon L. Nebolsky, Reg. No. 41,217
